Mi versión era peor que la tuya.

I used yours because mine was broken.

We didn't like the one they gave us.

Mine is for me.

Yours is for you.

Hers is for her.

Ours and yours are better than his and hers.

Theirs was better than ours.

My bicycle is smaller than his.

I like ours because it works better than his.

He gave his to her.

Hers was the one next to mine.

Their book is thicker than yours.

She used to work with him.

Her house used to belong to him.

Ours was chosen but his wasn't.

She likes hers because it helps her.

We had to use her car instead of mine.

She took mine after he took hers.

We are more food than they did.

My version was worse than yours.
